

MCA Committee Involvement

The Minnesota Construction Association (MCA) is an active association that relies on the participation of its members, which in turn offers opportunities for professional growth. Maximize your investment by joining an MCA committee today!

- **Awards Committee**

The Awards Committee plans and organizes the MCA's premiere event, the Awards of Excellence, which acknowledges and rewards the extraordinary work of the area's construction teams. In addition to making arrangements for the gala the committee solicits nominations for various awards which are

evaluated by an independent jury. The Chair of the Awards Committee is Alana Sunness Griffith from Empirehouse, Inc (763-535-1150).

- **Golf Committee**

The Golf Committee is responsible for planning and promoting the annual MCA Scholarship Golf Tournament. The golf tournament is a great place to bring clients to have some fun and perfect your game for the season ahead. Rory Synsteliem from Loucks Associates (763-496-6723) is the Chair of this committee.

- **Membership/Public Relations Committee**

The Membership/Public Relations committee is new this year and is a combination of the previous Advertising/Communication/Legislative and Membership/Sponsorship committees. The primary focus of this committee is to bring current, past, new, and prospective members into touch with the Minnesota Construction Association. The committee will also work on finding effective outlets to recognize and advertise our organization, members, and events. This committee is also responsible finding sponsors for the Association. The Chair of this committee is Nathan Thome from Steiner Construction (952-475-5107).

- **Programs Committee**

The Programs Committee is responsible for providing MCA Members one of our primary membership benefits – education. This committee plans, organizes and executes MCA breakfast programs, lunch & learn sessions, tours, and networking events. The Programs Committee Chair is Fred King from INSPEC (763-546-3434).

- **Student Outreach Committee**

The Student Outreach Committee was recently formed to award scholarships; reach out to educational institutions offering construction management and related degrees; and to encourage participation in MCA by our future members. This committee is currently chaired by Gregg Johnson, but we are seeking a Member of MCA to become Chair so Gregg can move into the Board Liaison role.

- **Technology/Website Committee**

The primary responsibility of this ad-hoc committee is to explore current technology to allow MCA to better communicate with our membership. We will be assessing the needs and cost of a future MCA website upgrade and will be developing a social media strategy. The Chair of the Technology/Website Committee is Nick Mannel from Loucks Associates (763-496-6757).

If you are interested in joining a committee please contact the Committee Chair or the MCA Office at (952) 928-4646 or info@mnconstruction.org.
